

Dear Colleagues,

Thank you for all you do to support students and families during what can be an emotional and difficult college admission season. We sincerely appreciate your hard work, thoughtfulness, compassion, care, and support, especially in the coming weeks as students learn of their admission decisions.

Our Early Action review was the most competitive in our history. We are excited about the candidates to whom we've offered admission for the incoming class, including 954 students who will be the first in their families to attend college. We hope the statistics below provide some context for the pool and assist in your conversations with students, parents, and school officials. Should you have follow up questions, please feel free to contact our office at any time.

We do anticipate spaces will be available for some deferred students in our Regular Decision review. While we discourage additional updates, essays, or recommendations from deferred students, we do require that they submit midyear grades no later than February 24. Students can submit self-reported grades in their student portals or you are welcome to upload them through the Common Application or slate.org or send them to our office if electronic submission is not possible. Deferred students who wish to remain in consideration for Regular Decision must also complete the required form in their student portals by February 24.

Thank you again for all you do. We are grateful for your partnership and support. Stay healthy and safe.

**Early Action Applications (last year)**

Total number of Early Action applications: 36,443 (28,897)

Total number of VA applications: 9468 (7849)

Total number of Out of State applications: 26,975 (21,048)
