

Dear Colleagues,

Thank you for all you do to support students and families during what can be an emotional and difficult college admission season. We are grateful for your commitment, compassion, care, and support, especially in the coming weeks as students learn of their admission decisions.

Our Early Action review was highly competitive. We are excited about the candidates who have been offered admission, including 1015 students who will be the first in their family to attend college.

Students will receive one of three possible admission decisions in our Early Action round this year: Admit, Defer, and Deny. We will review candidates who receive a Defer decision again during our Regular Decision (RD) round. We anticipate some space will be available in the RD round for deferred ED and EA applicants. If you have students and families with questions, please feel free to share our [FAQ for students who were deferred](#).

Deferred students who would like to be considered in Regular Decision must submit midyear grades no later than February 15. We accept self-reported grades which can be submitted in their MyUVA portal, or you are welcome to send midyear reports to our office or upload them through slate.org. If students want to share brief updates with the committee, they may do so through the MyUVA portal as well.

We hope the data below provides some helpful information and context as you have conversations with students, parents, and school officials. Should you have follow-up questions, please feel free to contact our office at any time. Thank you again for all you do for your students and your community. We are thankful for your partnership and support.
